18” BUILT-IN FREEZER COLUMN (LEFT-HAND DOOR SWING)

ALOVE18FLC

Signature Features

OVER 250 CONFIGURATIONS

Freezer or refrigerator. Left-hand or right-hand swing. One, two, three columns in a row. Four different widths. With 12 one-unit options, 75 two-unit combinations and over 250 three-unit combinations, configuration is where bespoke begins.

ECLIPTIC LIGHTING

Live beyond the shadow. Abandoning the dark spots cast by dated puck lighting, over 650 LEDs frame and fill your column, coming alive at a touch of the controls. Each zone awakens and pulses as you mold your column to your desires.

EMOTIVE CONTROLS

At waist-level, this panel invites touch, challenging the idea that controls should be out of sight and out of reach. Control every zone and choose presets to coax out the flavors of your produce, meat, beverages, spirits and beyond—and dominate your domain according to your desires.

DIVINITY FREEZING

One provocative air tower. Two precision sensors. Calibrated every second. United, they keep freezer temperatures from swinging and spirits impeccably chilled.

DARING OBSIDIAN INTERIOR

Inspired by the beauty of volcanic glass, this industry-exclusive dark finish erupts with reflective, high-contrast style. Stop the whitewashing. Reject the unfeeling, lifeless vessel of harsh steel. Let fine foods and beverages emerge from the interior of your columns like vibrant art, begging to be devoured.

HUSHED ACOUSTICS

Unheard of. We’re decibel for decibel one of the quietest leading luxury built-in columns out there. Casting off abrupt start and stop cycles, our columns ditch swings in temperature and humidity, running unobtrusively in the background. Brilliance doesn’t have to announce itself; it just is.

REMOTE ACCESS

Open door. Power outages. Filter changes. Connect to WiFi for real-time notifications and control your columns from anywhere. Tap and swipe on both iOS and Android devices. ¹
^{1 Appliance must be set to remote enable. WiFi & app required. Features subject to change. For details and privacy statement, visit jennair.com/connect.}

SOLID GLASS AND METAL

All-metal bin and shelf frames. Thick, naturally odor-resistant solid glass. A forcefield at the edge that prevents spillovers. To hell with cheap plastic in luxury door bins, shelves and liners.

SHAPESHIFTER DRAWERS (FREEZER)

Devote a drawer to gelato. Or cookie dough. Or vodka. Use all of our presets to customize these drawers to ever-shifting indulgences.
