Smart Gas Cooktops with UltraHeat™ 22K BTU Dual Burner and LED Illuminated Knobs

Powerful performance with convenient smart technology

With 5 sealed gas burners, including an ultra-powerful 22,000 BTU burner that instantly goes from sizzle to true simmer, this smart cooktop delivers a pro-level experience for every meal. Featuring LED knobs that illuminate to let you know which burners are on, heavy duty continuous cast iron grates for even heating and stability, and a griddle perfect for pancakes, eggs, bacon and more, it's as stylish as it is practical. Plus, enjoy smarter cooking with the ThinQ® app.

UltraHeat™ 22,000 BTU Dual Burner

Steel

UltraHeat™ 22,000 BTU Dual Burner

POWER UP TO FASTER BOILING

- When ordinary burners can't keep pace with your on-demand dinner schedule, turn up the power with LG's UltraHeat™ 22,000 BTU burner
- LG's most powerful burner,* it rapidly goes to high heat to quickly boil, or turns down to a true simmer

* As compared with other LG gas models.

Stylish, Modern Design

PREMIUM DESIGN WITH LED KNOBS AND CAST IRON GRIDDLE

- Enjoy the professional look and feel of a modern cooktop that elevates the appearance of any kitchen
- Weighted, white LED knobs illuminate to let you know which burners are on at a quick glance, while delivering a bit of wow with every turn
- Continuous, cast iron grates and griddle deliver seamless, built-in style and premium form and function to your countertop

ThinQ® Smart Features

GET CONNECTED FOR SMARTER COOKING

- **LG Smart Sync** – connect with your wi-fi enabled LG over-the-range microwave oven or hood to automatically turn the fan and lights on and off for a seamless cooking experience
- **Remote Monitoring with ThinQ®** – monitor your burners from anywhere via the LG ThinQ® app for peace of mind wherever you are

Additional Features

Removable Cast Iron Griddle

BREAKFAST—AND BEYOND

- The removable cast iron griddle is perfect for pancakes, eggs and bacon, tortillas and more

EasyClean® Stainless Steel Cooktop

ERASE MEALTIME MISHAPS WITH EASE

- Quickly wipe away spills and splatters from the specially coated surface to make short work of after-dinner cleanup

Heavy build-up may require additional manual effort or use of nonabrasive detergent.

Auto Reignition

SAFER, UNINTERRUPTED COOKING

- Concerned what will happen if your flame goes out? No need to worry—these LG cooktops are equipped with auto reignition
- This safety feature automatically reignites the burners if the flame accidentally goes out, preventing gas leakage and ensuring uninterrupted cooking
