Performance

- Use only the power required while keeping noise level at minimum with four levels of fan speed
- Easy to clean stainless steel baffle efficiently absorbs smoke and odor while filtering out the grease through grease channel
- Remove smoke and odor with ease using powerful internal 1,200 CFM dual blowers (48") or 600 CFM single blower (30", 36")

Convenience

- Light up the cooking area using bright LED lights with dimmable option
- Automatically turn hood on when high temperature is sensed

Craftsmanship

- LED backlit buttons are discreetly housed under the canopy for a clean look
