Alta™ 3 SERIES

STAINLESS
30", 36"

ALT330SS
ALT336SS

The sculpted lines of Alta™ bring an exciting, new choice to typical range hood shapes. Sophisticated curves, infrared controls and hybrid baffle filters lend a pro-style edge to your kitchen.

- The Captur™ system's advanced blower design features a forward positioned centric inlet to remove smoke and odor faster. Three-speed blower control exhausts at a strong 400 CFM.
- Smooth-flow blower wheel design and high flow filters ensure quiet, <0.5 sone operation at normal speed.
- Bright, three-level LED modules—supported by a 3-year warranty—illuminate evenly and are tested in cooking environments to ensure long life without dimming.
- Three-speed, whisper touch infrared control is a pleasure to use and admire. Delay off feature runs the blower for 10 minutes after cooking to clear the air.
- Broan Heat Sentry™ detects excessive heat and adjusts the blower speed to prolong the life of the product and provide proper ventilation.
- Dishwasher-safe, hybrid baffle filters provide ultra-efficient grease removal with superior air flow. The filter clean reminder ensures they will always maintain a high level of capture.
- EZ1 brackets make it easy for single-person installation in less than half the time of traditional methods.
- ADA compliant, remote operation is possible using a standard UL approved wall switch (kit sold separately).
- Non-duct capable with use of charcoal filters, sold separately. Hidden louvers on top of hood exhaust away from cabinetry.
- Optional HCR3 handheld remote enables control from anywhere in the kitchen.
